## ALL-CITY AND SECOND HARVEST FOOD DRIVE

Each year, the Madison area swim & dive teams compete to raise the most meals per swimmer and diver to benefit hunger relief through activities including penny wars and themed food drives. Once again, they'll be working together as a league to support the community and reach a goal of \$55,000 worth of meals! Since 2008, the league has provided more than 2 million meals through fundraising, food donations, and volunteer hours.

Anyone can make an online donation on behalf of their pool. For more information and to donate to your pool's virtual food drive, visit the
